To Whom It May Concern:  
The Chairperson

## Thanking You for the Transport Supplied to Our School

On behalf of our school's Principal, Mrs Dick, the SMT and the Grade 6 team, I hereby want to thank Zandvlei Trust for affording our grade 6 learners an opportunity to have a practical experience about wetlands during the month of March. Mr Mark Arendse came to us with this opportunity for learners to explore Zandvlei and ***with transport provided by Zandvlei Trust!!!*** This was an offer we could not resist! The learners by far had a great learning experience outside of the classroom and that made the learning experience more tangible. It also brought about an awareness, a consciousness and responsibility about their environment.

Due to this experience various grade 6 learners have indicated that they would like to join the environmental club next term.

As the environmental club co-coordinator at Steenberg, let my also say thank you for your continuous support, with special reference to Sharon and Ian MacCullum, Mark Arendse and his assistants(volunteers). They have made our task at school exciting and so much fun with all kinds of activities for the learners.

May 2013 be even more fruitful than the previous years. Again we thank you!

Yours truly

Glenda Samuels  
(teacher, Steenberg Primary)
